

Ankush

Aspiring Designer & Digital Creator | Dehradun, Uttarakhand, India
9758755674 | ankush17575@gmail.com

PROFILE

Class 12 commerce student and self-taught creator who builds visual projects end to end: branding, video, websites, games and digital products. Comfortable researching a user, exploring ideas, and turning them into a finished, presentable concept. Looking to apply that process to leather accessory design for Gen Z.

EDUCATION

Class 12, Commerce Stream (without Mathematics) | Dehradun, Uttarakhand | Ongoing
Plan: BCA after 12th (data analytics / cybersecurity track).

PROJECTS

AstroMind AI — YouTube Channel (Founder)

- Created and branded a USA-focused channel of AI-generated space exploration content for a general audience.
- Designed the full identity independently: SVG logo blending space and AI themes, tagline "Intelligence Meets the Cosmos", and channel copy.

Cinematic Documentary Package: "A Day in 2050"

- Developed scene-by-scene narration, camera directions, AI image/video prompts and a music cue table, targeting a premium documentary look.

Shadow Escape — Mobile Horror Survival Game

- Built a React-based mobile game, including game mechanics and UI design.

PromptVerse AI — Community Platform

- Built a full-stack platform for sharing and rating AI prompts.

Digital Products (Ebooks)

- Authored and produced *The Student Success Blueprint* (15-chapter PDF) and "10 Underrated Side Hustles for Students & Homemakers" for sale on Gumroad.

DESIGN & COMPETITION EXPERIENCE

- **Brand Craft Logo Challenge** (E-Cell LNCTE, NEC26): designed a logo for a multi-service startup.
- **Track2Trash**: built a waste-management concept with PPT and video submission for an environmental challenge.
- Active participant in design, innovation and hackathon events on Unstop, including a Campus Ambassador selection for the Young Changemakers Programme (IIM Ranchi).

SKILLS

- **Visual & Creative:** After Effects, AI image/video generation, logo and brand identity, cinematic photography aesthetics
- **Design Process:** user research, mood and reference boards, concept exploration, presentation of ideas
- **Technical:** React, web development, Python, ReportLab, SQL (learning), Google Cloud basics

CERTIFICATIONS

- **Claude for Product Manager: Live Masterclass**, Certificate of Participation, Product Space (2 Sept 2026) — Certificate ID PSCERT-E163G58760
